## **About World Tourism Day**

World Tourism Day (WTD) is held annually on 27 September.

Its purpose is to foster awareness among the international community of the importance of tourism and its social, cultural, political and economic value. The event seeks to address global challenges outlined in the United Nations Millennium Development Goals (MDGs) and to highlight the contribution the tourism sector can make in reaching these goals.

### **Establishment of World Tourism Day**

It was at its third session (Torremolinos, Spain, September 1979), that the UNWTO General Assembly decided to establish World Tourism Day, beginning in 1980. This date was chosen to coincide with an important milestone in world tourism: the anniversary of the adoption of the UNWTO Statutes on 27 September 1970.

The timing of World Tourism Day is particularly appropriate in that it comes at the end of the high season in the northern hemisphere and the beginning of the season in the southern hemisphere, when tourism is on the minds of millions of people worldwide.

UNWTO – a short history

### **World Tourism Day theme and official celebrations**

WTD is celebrated by events around the themes selected by the UNWTO General Assembly, on the recommendation of the UNWTO Executive Council.

While UNWTO invites people of all ages and backgrounds to hold and take part in celebrations in their respective country or holiday destination, official WTD celebrations take place in a UNWTO Member State, on the basis of geographic rotation.

**Theme for 2016: "Tourism for All - promoting universal accessibility"**

# TOURISM FOR ALL

World Tourism Day  
27 September 2016

**PROMOTING UNIVERSAL ACCESSIBILITY**

Accessible Tourism for all is about the creation of environments that can cater for the needs of all of us, whether we are traveling or staying at home. May that be due to a disability, even temporary, families with small children, or the ageing population, at some point in our lives, sooner or later, we all benefit of universal accessibility in tourism.

Which is why, we want to call upon the right for all of the world's citizens to experience the incredible diversity of our planet and the beauty of the world we live in. On this year's World Tourism Day help us spread the word of both the importance and immense benefits universal accessibility has and can bring to society at large.
