**Guest Lecture on 'Understanding Democracy'**  
**on the occasion of 'International Day of Democracy' 2022**

**INTRODUCTION:**

As a part of compulsory course on 'Democracy, Election and Governance' as per S. P. Pune university of 2 credits for the first year students of B.Sc. Hospitality Studies program, Institute organized a Guest Lecture on 'Understanding Democracy' on the occasion of 'International Day of Democracy' 2022.

For this a resource person Prof. Vilas Nabde, from Department of Political Science, Ahmednagar College, Ahmednagar was invited to deliver a lecture. The lecture started at 11:30 am for one hour.

This guest lecture has given lot of inputs to the participants. This helped the participants to understand about the democracy, its functions and role, responsibilities of all the citizens of the country and many more. To understand democracy, its fundamentals and necessity in today's circumstances, this lecture was very helpful.

**ABOUT DEMOCRACY DAY:**

The International Day of Democracy is celebrated around the world on 15 September each year. It was established through a resolution passed by the UN General Assembly in 2007, encouraging governments to strengthen and consolidate democracy.

Since the day was first observed in 2008, hundreds of parliamentary events have been held worldwide. These have included photo competitions, workshops for children, live televised debates, radio phone-ins and meetings with civil society organizations.

The International Day of Democracy provides an opportunity to review the state of democracy in the world. Democracy is as much a process as a goal, and only with the full participation of and

support by the international community, national governing bodies, civil society and individuals, can the ideal of democracy be made into a reality to be enjoyed by everyone, everywhere.

Each year highlights a specific theme. Past themes have included stronger democracies, the importance of democracy for the 2030 Agenda for Sustainable Development, strengthening the voices of citizens, dialogue and inclusiveness, accountability, and political tolerance.

This year 2022, Democracy Day is focusing on the importance of media freedom to democracy, peace, and delivering on the Sustainable Development Goals.

Free, independent and pluralistic media, able to keep the public informed on matters of public interest, is a key ingredient to democracy. It enables the public to make informed decisions and hold governments to account. When media freedoms are under threat - the flow of information can be stifled, skewed or cut off entirely. Increasingly, journalists around the world face limits to their ability to operate freely – with a grave impact on human rights, democracy and development.

## **About International Coffee Day**

Coffee Day is celebrated all over the World on 1<sup>st</sup> October. Coffee is an important beverage after tea. Coffee popularity is increasing day by day. Many of the coffee chains are expanding at a faster pace. There are different types of coffee served in the various restaurants. Black coffee, milk coffee, cream coffee, cold coffee and alcoholic coffee are popular. Starbucks, Café Coffee Day, Barista, Costa Coffee, Dunkin Donuts, Mc Café, Lavazza are well known coffee chain restaurants.

Every year, International Coffee Day is observed on October 1, to celebrate and promote the use of coffee. The day is marked to celebrate “the coffee sector’s diversity, quality and passion.” It is an opportunity for coffee lovers to share their love of the beverage and support farmers whose livelihood depends on the aromatic crop. Every year 77 Member States of the International Coffee Organization (ICO), dozens of coffee associates, and millions of coffee lovers come together to celebrate their favourite beverage.

Considering the number of sectors and workers involved, the day is not only observed to cherish the beverage but also to voice out for the injustices suffered by the sector and the people associated with it. The day also aims to promote the fair trade of coffee and bring the plight of coffee growers across the globe to the limelight.

For the first time, International Coffee Day was celebrated back in 2015. The International Coffee Organisation (ICO) decided to dedicate the day to all coffee lovers in 2014, but the first official Coffee Day was launched in 2015 in Milan. However, different countries celebrate their own national coffee days on different dates. Back in 1997, the ICO first celebrated International Coffee Day in China and later in 2009, it celebrated the day in Taiwan. Nepal observed the first International Coffee Day on November 17, 2005.

## **International Women's Day 2023**

Every year on 8th March, **International Women's Day** celebrates the social, economic, cultural and political achievements of women - while also marking a call to action for accelerating gender equality.

In 2023, Afghanistan is one of the hardest places in the world to be a woman. A staggering 97% of the Afghan population is currently facing poverty, and at least two thirds need urgent humanitarian support to survive. But this crisis is being felt most acutely by Afghan women, as they face the continued erosion of their basic freedoms amidst this humanitarian emergency.

Decades of research, and our own experience, shows that when women can access the support they need, societies become more inclusive, prosperous, and strong. In Afghanistan, alongside the resilient and resourceful women and men we work with, and despite the grave operational challenges we face, we're working to make this happen. Read stories from our work below, and find out how you can get involved.

### **About the Guest Lecture at the institute:**

On the Occasion of the International Women's Day, the institute has organized a guest lecture on 'Importance of Health and Nutrition in Today's Lifestyle' by a well-known Nutritionist in the city Dr. Aditi Pansambal.

In her talk Dr. Aditi highlighted the importance of health and diet required, the care that needs to be taken, various issues of women health and diseases were discussed. The lecture was highly appreciated by all participants. The students initiated and took lead in conducting the program. The duties and responsibilities were distributed to students.
